- **Multi-Platform Support (Amazon Alexa, Google Assistant, Apple AirPlay2, Spotify Connect)**

DESCRIPTION

Premium home theatre sound in seconds

Bring home a great fit and simple setup. The LG sound bar and subwoofer immerse you in dimensional surround sound with 3.1.2 channels, Dolby Atmos®¹ and DTS:X. AI Sound Pro delivers optimal sound settings through adaptive sound control, and the sound bar supports multi-platform like Amazon Alexa, Google Assistant, Apple AirPlay 2, and Spotify Connect. The perfect fit for select TVs.

¹Dolby, Dolby Atmos and the double-D symbol are registered trademarks of Dolby Laboratories.

KEY FEATURES

Dolby Atmos® & DTS:X

Hear, feel and experience audio that raises sound effects to new heights. Up-firing front height channels direct sound to seemingly come from above and around you, firing both out and up to deliver multi-dimensional Dolby Atmos®¹ audio.

¹Dolby, Dolby Atmos and the double-D symbol are registered trademarks of Dolby Laboratories.

Meridian Audio Technologies

All-encompassing sound, uncompromising performance. LG partnered with Meridian Technology, pioneers of High-Resolution Audio, to combine advanced signal processing and refined hardware design. The result is an expanded soundstage with greater height, width and depth*.

*Compared to previous model

High Resolution Audio (24bit / 192kHz)

High-Resolution Audio sounds closer to the real thing. Higher sampling rates and bit depth provide sound quality that surpasses CDs. Enjoy stunning 24-bit/192kHz audio resolution — as close to original sound as you can get.

Multi-Platform Support

LG Soundbars now have the compatibility to work with more AI services - Amazon Alexa, Google Assistant, Apple AirPlay 2, and Spotify Connect. You can play music, find answers, manage everyday tasks, and easily control smart devices with the platform of your choosing.
